

How to use Central Highlands Regional Council TRACK

TRACK is an easy-to-use tool provided to the community by CHRC to view applications that were processed and decided between 3 July 2017 and 1 November 2019.

To get started, navigate to the 'I want to... Lodge a DA' button on the CHRC website homepage.

Then click on the 'Planning & Development Information' tile.

Scroll down to the 'Track active and determined applications' heading and click to expand the drop down. Follow the 'HERE' link, which will take you to a page with a pop-up disclaimer.

Hit the 'AGREE' button in the bottom right corner.

You will now see the 'Development application registers' page with two options.

Click on the 'TRACK portal' link.

You are now greeted by the application search page, where you will be able to find an application in various ways.

The Search Bar

Using the search bar, you are able to find your application by either:

1. Searching your address.

Application Search

Start entering the Street address (number and street only) or Application number eg. MCU123.1-2017, CBA123.1-2017 or 123.1, 123.1-2017, and then either choose from the displayed list (ensuring it is the correct Application Number), or click <Search> to display a more detailed list.

✕ Search

1366 Glen Elgin Road, GOOMALLY (Lot: 6 RP: 836484)

2. Typing in the application reference provided to you by the Development and Planning team.

Application Search

Start entering the Street address (number and street only) or Application number eg. MCU123.1-2017, CBA123.1-2017 or 123.1, 123.1-2017, and then either choose from the displayed list (ensuring it is the correct Application Number), or click <Search> to display a more detailed list.

✕ Search

RAL019.1-2017

The search field will automatically drop down a pre-filled list of results or you are able to click search to see a more detailed result.

Application Search

Start entering the Street address (number and street only) or Application number eg. MCU123.1-2017, CBA123.1-2017 or 123.1, 123.1-2017, and then either choose from the displayed list (ensuring it is the correct Application Number), or click <Search> to display a more detailed list.
