	TOTAL: KL

The following fees, terms and conditions apply:

Administration fee	\$161.00
Water consumption charge	\$7.70/KL

- Administration fee to be paid at time of lodging application.
- A minimum of seven days' notice is to be given for confirmation of availability of a metered standpipe.
- Availability of metered standpipe is to be confirmed by water network personnel.
- Credit application is to be completed.
- Invoice issued once standpipe has been returned and meter read complete.
- Hydrant is to be obtained from the water network personnel and returned directly after use.
- Water shall only be drawn from a Central Highlands Regional Council (CHRC) street hydrant with the metered standpipe.
- The standpipe hirer/operator is responsible for the provision and use of a backflow prevention apparatus, which may be required to safeguard the CHRC water reticulation network from contamination.
- If pools are to be filled on the weekend, a call out fee will be applied.
- Consumption will be the difference between the two readings below completed by the CHRC water network team.
- If metered standpipe is damaged, cost recovery of a replacement will be charged to the applicant.
- If hydrant is damaged, cost recovery of repair/replacement will be charged to the applicant.
- No hoses are to be run across any roads.
