Building Fees

a) Subsidy for Community, Sporting & Religious Organisations – any not-for-profit, volunteer, charitable, community, sporting, or religious organisation not in possession of a liquor or gaming license is eligible for a fifty percent (50%) reduction on application fees. A request for a reduction in application fees should be made in writing and accompany the application. The application must demonstrate the eligibility of the Applicant as a community, sporting or religious organisation.

b) Fees Requests for Reduction to the Manager Planning and Environment are limited to applications triggering application fees less than \$10,000 when a strict application of the scheduled fee is considered unreasonable or inappropriate considering the work required to carry out the assessment of the application; or where an appropriate fee has not been set. Requests for fee reduction are to be made in writing prior to the lodgement of the application. However, in all other circumstances a decision of the waiver of application fees will need to be taken to Council

c) Staged Applications – For staged development, each stage is classified as a separate development application.

Plumbing Fees And Charges

a) Subsidy for Community, Sporting & Religious Organisations any not-for-profit, volunteer, charitable, community, sporting, or religious organisation not in possession of a liquor or gaming license is eligible for a fifty percent (50%) reduction on application fees. A request for a reduction in application fees should be made in writing and accompany the application. The application must demonstrate the eligibility of the Applicant as a community, sporting or religious organisation.

b) Fees Requests for Reduction to the Manager Planning and Environment are limited to applications triggering application fees less than \$10,000 when a strict application of the scheduled fee is considered unreasonable or inappropriate considering the work required to carry out the assessment of the application; or where an appropriate fee has not been set. Requests for fee reduction are to be made in writing prior to the lodgement of the application. However, in all other circumstances a decision of the waiver of application fees will need to be taken to Council

Note: non-refundable fees refer to inspections that have already been complete, if an inspection has not occurred and the application is cancelled, the inspection fees are refundable

Town Planning Fees

a) Subsidy for Community, Sporting & Religious Organisations - Any not for profit, volunteer, charitable, community, sporting, or religious organisation not in possession of a liquor or gaming licence is eligible for a 50% reduction on development application fees. A request for a reduction in application fees should be made in writing and accompany the application. The application must demonstrate the eligibility of the Applicant as a community, sporting or religious organisation.

b) Fees Requests for Reduction to the Manager Planning and Environment are limited to applications triggering application fees less than \$10,000 when a strict application of the scheduled fee is considered unreasonable or inappropriate considering the work required to carry out the assessment of the application; or where an appropriate fee has not been set. Requests for fee reduction are to be made in writing prior to the lodgement of the application. However, in all other circumstances a decision of the waiver of application fees will need to be taken to Council

c) Superseded Planning Scheme - A request for an application to be assessed under a Superseded Planning Scheme is to be made prior to the application for a development approval. If an application is approved to be assessed under a Superseded Planning Scheme the application fee shall be accompanied by the fee prescribed in this Fee Schedule plus an additional 25% of that fee.

d) Combined Applications - A separate fee is to be calculated for each assessable component of an application (i.e. Material Change of Use, Reconfiguring a Lot or Operational Works). The application shall be accompanied by a fee that is the combined total of all applicable fees.

e) Material Change of Use within an existing building - If an application involves a Material Change of Use within an existing building and the level of assessment is Code Assessable under the applicable Planning Scheme; the application fee shall be discounted by 25%.

f) Applications involving a Multiple Use Development - Fees for the application will be the sum of the Primary Use fee plus 50% of the fees for each type of other uses (e.g. Multiple dwelling, Food and drink outlet, Shop = Fee for Multiple dwelling plus 50% of the fees for the Food and drink outlet and Shop). Only applicable if uses are on the same site. The Multiple Use fee does not apply to development applications involving a Variation Request under the *Planning Act 2016*.

g) Undefined Use - Where an application involves a use that is not defined in the applicable Planning Scheme or is not specifically provided for in the Schedule of Fees, the fee will be set as the use deemed most similar by the Assessment Manager.

h) Consultant Costs - The costs of external consultant fees for any further assessment or advice required by the Assessment Manager in consideration of any application or submission and/or technical report may be charged to the Applicant. The Applicant will be notified of Council's intent to refer the application to a consultant following receipt of a response to Information Request (or earlier). If Council elects to recover the cost of the consultant, the consultant's costs must be paid prior to the final determination of the application.

i) Gross Floor Area - Where a fee is calculated based on area (i.e. industrial uses), the fee is calculated on Gross Floor Area (GFA) as defined by the applicable Planning Scheme. If GFA is not relevant (i.e. outdoor storage) the calculated area will be the use area. The use area does not include landscaping or car parking where not directly associated with the defined land use (i.e. excludes heavy vehicle parking).

j) Pre-lodgement Meeting and Advice - No fee

k) Priority Development Area - Where a development application is received for assessment under a Priority Development Area (Blackwater/Blackwater East), the fee will be aligned to Council's most applicable fees and charges.

l) Fee Methodology - Base Fee (Average Officer Rate/hr. x Average Officer hours/job) + (Average Admin rate/hour x Average Admin hours/job). All rates are inclusive of oncost (wherever possible) and rounded to the nearest whole dollar.

m) A well made application fee discount may be applied in accordance with Council policy for applications deemed by Council to be well made

n) Fee waivers for Telecommunication Facilities - Council has a standing resolution for waiving fees and charges for Telecommunication Facilities where it is demonstrated the infrastructure will result in improved connectivity for the wider community. A request for a fee waiver will need to be made to council via email (TPlanning@chrc.qld.gov.au) prior to the application being lodged.

o) Preliminary Approval (including a Variation Request) – All application fees for this type of application are Price on Application and will be determined at the time of lodgement.

p) Development Permit following a Preliminary Approval including a Variation Request – Applications may be eligible for an application fee discount, whereby the total fee is equal to 80% of the prescribed application fee.
